## Session Descriptions:

**Island Bakery** – In this class we will learn basic cake decorating techniques using piping tips and tropical island-colored frostings. Participants in this class will be able to decorate their own cupcakes and donuts. On the last day of camp, Islanders will be able to take home their very own flower-shaped cake and enjoy decorating with the piping kit and apron given to this class.

**Island Explorations** – At Island Explorations, Islanders view amazing science experiments from one of the Mystery Island Locals. They invent creative island projects from the island's resources, which include working with sand, shells, and other island materials. As Islanders explore science experiments and create island projects, they learn about God's creative designs in the world around them.

**Island Olympics** – Island Olympics is a fun-packed outdoor activities class, complete with tropical-themed games such as Water Balloon Volleyball, Human Ring Toss, Sharks & Minnows, What's the Treasure, and Glory Corners. Each game is designed to be friendly for all ages, and coincides with the Assembly Lesson each day. The main objectives of Island Olympics are to have fun, learn about teamwork, and track down the One True God!
